Taxpayers, Attention!

EQUALIZATION

—MONDAY, MAY 15—

IMPORTANT! Notice is hereby given that the Board of County
Commissioners of Shawnee County, Kansas, will
convene as a Board of Equalization at the office of the County Clerk,
on the **THIRD MONDAY IN MAY** (May 15, 1916) for the purpose of
equalizing the assessed valuation of property, real estate and per-
sonal, and will be in session as such Board of Equalization for ten
days.

The assessment rolls, real and personal, may be examined on and
after May 15, at the County Clerk's office. The law contemplates no
further notice. All taxpayers are invited to make such examination
of the rolls, and if correction is desired, to file their complaints with
the County Clerk within the ten day session. If the taxpayer fails to
appear at the time set for this meeting, the assessor's returns will be
taken as true and the assessments will stand as returned to the Clerk.
No changes can be made after this ten day session.

Witness my hand and the official seal of Shawnee County this
25th day of April, 1916.

O. K. SWAYZE, County Clerk.

"TIZ" FOR ACHING, SORE, TIRED FEET

Use "Tiz" for tender, puffed-up,
burning, calloused feet
and corns.

People who are forced to stand on
their feet all day know what sore,
tender, aching, burning feet mean. They
use "Tiz," and "Tiz" cures their feet
right up. It keeps feet in perfect con-
dition. "Tiz" is the only remedy in
the world that draws out all the poi-
sonous exudations which puff up the
feet and cause tender, sore, tired,
aching feet. It instantly stops the
pain in corns, callouses and bunions.
It's simply glorious. Ah! how com-
fortable your feet feel after using
"Tiz." You'll never limp or draw up
your face in pain. Your shoes won't
tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from
any druggist. Just think! A whole
year's foot comfort for only 25 cents.

ON BETTER ROADS

Kincaid Addresses Kansas
Bankers at Salina Today.

Good Highways Save Valuable
Time for the Farmer.

KANSAS CROPS' CHIEF WEALTH

Moving of Grain Is an Import-
ant Consideration.

Highways President Urges
Need of State Commission.

Salina, Kan., May 12.—In an ad-
dress on "The Banker and Good
Roads" here today before the annual
convention of the Kansas Bankers' as-
sociation, H. P. Kincaid, president
of the Kansas Good Roads association,
emphasized the fact that good roads
reduce the cost of production and
marketing crops and increase returns
by enabling the sale and delivery of
products when prices are the most at-
tractive and when time lost from
fields is of least value. He also urged
the creation of a state highway com-
mission, revision of road and bridge
laws and an amendment to the state
constitution so the state could take
part in road building.

"Kansas is distinctly an agricul-
tural state and agricultural products
form its chief source of wealth," said
Mr. Kincaid. "In 1914 the highest year
for which the figures are available,
Kansas produced 181,000,000 bushels
of wheat, 87,000,000 bushels of corn,
45,000,000 bushels of oats and 297,
000,000 worth of livestock. The value
of these and other farm products for
that year amounted to more than
\$275,000,000. This means that to de-
liver this grain to market would re-
quire 3,000,000 wagonloads of wheat
of 60 bushels each; 2,000,000 wagon-
loads of corn of 45 bushels each;
450,000 wagonloads of oats of 100
bushels each, besides other crops. As
a result of the sale of this 1914 crop,
probably \$200,000,000 were placed in
the banks of Kansas. Yet all of the
marketed portions of these products
had to be transported over our high-
ways for distances varying from one
to 40 or more miles.

Add to Farm Value.

"Good roads will enable the pro-
ducer to make the necessary trips for
supplies and repairs in the shortest
possible time when time is important,
and enable him to do these things, as
well as market his crops, when his
fields are not in workable condition,
which indirectly adds to his produc-
tive capacity."

Mr. Kincaid pointed out that there
are in Kansas 111,536 miles of public
highways outside of incorporated
cities; 1,170 miles, or a little more
than 1 per cent, being hard-surfaced.
These highways, including bridges, are
costing approximately five and one-
half million dollars annually, he ex-
plained.

Laws Full of Loopholes.
"Our present road and bridge laws
are a patch-work, full of ambiguities
and contradictions. They are not
for officials: full of pit-falls for the
unwary; full of possibilities for evasion;
full of advantages for sharp and
designing contractors," said Mr. Kin-
caid. "The attorney general's office
disapproves them; county attorneys
condemn them; students of road prob-
lems criticize them; and engineers ridi-
cule them. Our present system of
road management is not very different
from what it was when we traveled by
stage coach. I don't mean this to be
taken as literally true, yet if you
will refer to the statutes and note the
sections that will bear dates of 1863,
1869, 1874 and the slight amendments
thereto, this statement will not seem
so radical as it at first appears. Our
road laws are antiquated and do not
meet the requirements of modern
conditions, and under the present system
we are not getting results that we
should get from the money expended.
I believe that at least 25 to 40 per cent
of the money spent for roads is wasted."

Urges State Commission.
Mr. Kincaid urged the creation of
a state highway commission. There is
much agitation going on for hard-
surfaced roads that can be traveled
365 days in the year, but hard-sur-
faced roads cost money and lots of it,
and yet many roads are traveled to an
extent that justifies the expense. When
we go to the expense of building hard-
surfaced roads we don't want them to
be a bitter disappointment. They
prevent such occurrences as we should
have a state highway commission
whose business it will be to study road
and bridge problems 365 days in the
year, and in whose hands will be placed
the administration of all road and
bridge laws.

SALINA PIONEER IS DEAD.
Mrs. Smith Traveled in Wagon From
Iowa to Kansas.

Salina, Kan., May 12.—Mrs. Re-
becca Willis Steele Smith, aged 91, is
dead at her home at 21 South Fourth
street of old age. Mrs. Smith was a
pioneer in Kansas and Salina county,
having come here from Boone, Iowa,
in 1836 in pioneer style, traveling
overland in a wagon. She lived on a
farm south of Salina for four years
and had lived in Salina since that time.
Her husband, John H. Smith, who died
in 1895, was an old soldier. He was a
member of Company G of the Seventh
Iowa cavalry.

She is survived by five children.

They are Herbert B. Smith of Salina,
Mrs. Ella Curtis of Salina, O. H. Smith,
Ray Williams of Wiley, Col.; Mary L.
Smith of Salina, and a stepson, Wil-
liam A. Smith of Alameda, Cal. The
funeral service will be held Friday
afternoon at the home. Rev. C. V.
Dunn will have charge. Interment
will be in Gypsum Hill cemetery.

MCKEEVER TO ST. JOSEPH.
Kansas Child Welfare Expert Spoke
at Auditorium Today.

St. Joseph, Mo., May 12.—Under the
auspices of the parent-teachers' as-
sociation of St. Joseph, a meeting was
held in the auditorium of St. Joseph
doux school today, when Prof. W. A.
McKeever of Kansas university spoke
on "How Shall We Employ the Vac-
ation Service?" The best advantage of the
child? Professor McKeever is head
of the child welfare department of the
university, and an authority on mat-
ters of this nature. Mrs. D. H. Speer,
who is president of the association,
was classmate of Professor McKeever.
All mothers and teachers of the city
were invited. The affair is considered

of special importance as Professor
McKeever outlined plans for organiza-
tion and activities for the summer
which are expected to solve the prob-
lem of what the child is to do to profit-
ably improve its time during the vaca-
tion months.

FOUL PLAY IN WIRTZ CASE?
Father of Boy Killed at Atchison
Thinks Son Was Murdered.

Leavenworth, Kan., May 12.—It is
the belief of J. F. Wirtz, 608 Columbia
avenue, that his son, Walter Wirtz,
who died about 5:30 o'clock Tuesday
evening at Atchison, after he was dis-
covered lying beside the Missouri Pa-
cific railroad track west of that city,
was the victim of foul play.

The body was brought to Leaven-
worth and taken to the Davis under-
taking parlors. He had sustained a
concussion on the back part of the
skull, a crushed left leg, several broken
ribs and a badly bruised shoulder.
The funeral was held this afternoon
from the Wirtz home.

VETERANS MEET AT BELOIT.

Topekan Addresses Semi-Annual
Mitchell County Reunion.

Beloit, Kan., May 12.—Veterans of
the Civil war from all parts of Mitchell
county were here today for their semi-
annual reunion. T. A. McNeal of To-
peka was scheduled to give the prin-
cipal address and members of the Wom-
en's Relief Corps and Ladies of the
G. A. R. had a share in the program.
For years the war veterans of the
county have held their reunions. It was
pointed out, and every effort to keep
today's meeting up to standard has
been made. A rising campfire talk
is to be one of the features, it was an-
nounced.

A CHANGE IN TACTICS

Shifting of Military Base Indicates
Protective Patrol Along Northern Mex.

Columbus, N. M., May 12.—Reports
unverified at military headquarters
that American troops are being with-
drawn from San Antonio, Mexico, and
other advanced bases gave rise today
to a belief in some quarters that de-
velopments look toward a protective
patrol of northern Chihuahua. Sup-
porting this contention is the trans-
portation of supplies which had been
concentrated at San Antonio, back 70
miles to Namiquipa.

It is known also that General Fred-
erick Funston has expressed the be-
lief that the present lines of communi-
cation are too long to be maintained
properly.

Final arrangements for the con-
centration of the New Mexico Na-
tional guard were completed here to-
day. The first unit will arrive from Den-
ning and Silver City before night.

NOTE PAPER RUNS OUT?

Anyhow, Kaiser Deems Answer to
Wilson's Latest Not Necessary.

Copenhagen, May 12.—According to
the Berlin Tageblatt, German will not
send a reply to the last American note
but the German government will con-
fer with Ambassador Gerard in re-
gard to it.

Speeclates on U. S. Sentiment.

Petrograd, May 12.—The press con-
tinues to comment on the surrender
of Germany to the demands of the
United States. Some of the papers
draw comparison between the firm
attitude of President Wilson and what
they describe as the desire of the rep-
resentatives of American science, poli-
tics, laws and church for the eventual
triumph of the allies. American pub-
lic feeling is declared to be the best
antidote for the two years of Ger-
man agitation in the United States.

DAUGHTERS CAPTIVES

Captured With Their Father. General
Townshend, at Kut-el-Amara.

Berlin, May 12.—The Frankfurter
Zeitung publishes a report that Gen-
eral Townshend, the British command-
er who recently surrendered at Kut-
el-Amara, Mesopotamia, had with him
in the fortress his two daughters.
They have been sent to Constantinople
the report states. The commander in
chief of the Turkish forces several
times offered them free passage
through the lines during the siege, the
report says, but they refused to
accept the offer.

Pittsburg, Pa., May 12.—The Four-
teenth Pennsylvania infantry today
marched out of the Westinghouse
Electric and Manufacturing company
works at East Pittsburg, where they
have been on strike duty for more
than a week, and returned to their ar-
mory. Four troops of cavalry, how-
ever, are still on duty. Although some
men formerly employed by the electric
company are still out, all war munition
plants were said to be working with
full force.
